PREAMBLE

The School Board of Okaloosa County, hereinafter referred to as the “Board” and the Okaloosa County Education Association, hereinafter referred to as the “Association”, having met and negotiated in accordance with Florida Statutes, Chapter 447 and having reached certain understandings, hereby agree as follows:

ARTICLE I - RECOGNITION

This agreement is applicable for employees as defined in Certificate Number 4 granted by the Public Employees Relations Commission on February 14, 1975, and issued to the Okaloosa County Education Association:

The designated bargaining unit includes all certificated employees of the school district, excluding all Superintendents, Assistant Superintendents, Chief Officers, Directors, Supervisors, Principals, Assistant Principals, Administrative Assistants, Program Directors, Specialists, and High School Athletic Directors.

Unless otherwise indicated, employees in this unit will be hereinafter referred to as "teachers."

ARTICLE II - RIGHTS

Section 1 - Association and Professional Rights

A. The Board and the Association agree that teachers shall have the right freely to organize, join and support or to refrain from organizing, joining and supporting the Association. The Board and the Association undertake and agree that they will not discourage, deprive or coerce any teacher in the enjoyment of any rights conferred by this Agreement as provided by the Florida Public Employees Relations Law 447.501.

B. The Association shall have the right to use school buildings, facilities and equipment as provided under prevailing Board policies.

C. The Association shall have the right to post notices of activities and matters of Association concern in appropriate and specifically assigned space in the teacher's lounge or work room after such notices have been initialed by the Association President or building representative.

D. The Association shall have the right to use teacher mail boxes for communication with teachers. All correspondence must include a return address.

E. The Board agrees to make available to the Association in response to written requests all matters of public record at cost. These requests should be addressed to the Chief Negotiator.

F. Teachers are entitled to full rights of citizenship when so entitled under the laws and Constitution
of the State of Florida and of the United States. In no way is this Agreement intended to add to or delete from these rights. However, it is agreed by both parties to exhaust the grievance procedure prior to proceeding to other remedies.

G. Upon proper request, the Board shall place on the agenda a time for Association business.

H. The following shall constitute the method that the Association and the Administration of the Okaloosa County School District shall proceed in the requesting and granting of release days for the purpose of Okaloosa County Education Association business, School District business, attending of conferences and so forth. It is the intent of this article to define the various types of leave and describe the administrative procedure for each. They are to be considered in separate categories as follows:

1. The Superintendent after receiving from the Association a list of certified delegates shall grant to each Association delegate two (2) leave days with pay for the purpose of attending the Florida Education Association annual convention. The total number of delegates authorized to attend shall not exceed five (5%) percent of the Association membership plus five (5) delegates at large.

2. The Association president or his/her designee shall be granted release time up to 20 days per school year to attend to association business. Examples of how these days might be used include:

   a) Monitoring of School Board meetings or workshops;
   b) Monitoring of specific workshops in which the Association has specific interest;
   c) Attendance at grievance hearings to specifically represent members;
   d) Conducting building visits; and
   e) Conducting Association business that cannot be done in other than school time.

   It is expressly understood that requests for these days shall be specific in pointing out that the request is for “Association days”. The Association shall reimburse the District substitute cost for the use of these days.

3. Leave days for individual professional conference – The Association from time to time desires to send individuals to conferences for education and training. Examples of such conferences in the past included the NEA Southeast Regional Critical Issues Conference and the State of Florida Multi-Cultural conference. The parties agree that often these conferences are beneficial to the school district as well as to the individual. Teachers may be asked to conduct informational meetings after attending such conferences. Request of leave for these purposes shall be sent directly to the Superintendent or his/her designee. The Superintendent shall consider such requests and may grant them on a case by case basis. Denial of TDE would not prevent the individual from taking personal leave to attend such conference.

4. Leave days for lobbying – The past practice has been that the Superintendent has, upon a full listing of the individuals and dates, given TDE to teachers to lobby in Tallahassee. Such a list will be provided to the Superintendent for his/her consideration prior to the
regular session. TDE shall be granted only if the district is reimbursed for the cost of a substitute if one is required.

5. There are members of the Association who hold positions on the executive board of the FEA (the state affiliate) or have positions on standing committees of this organization. The Superintendent and the Association agree it is advantageous to assure that this area has impact on state level decisions but it should not cost the taxpayers of Okaloosa to see that it occurs. Therefore, the Superintendent, upon direct notice to him/her, shall grant TDE for these purposes, only if the district is reimbursed for the cost of a substitute if one is required.

6. The Superintendent may request union involvement on specific committees. TDE for individuals to serve on committees at the behest of the Superintendent or Board shall not count as part of the Association’s 20 days.

7. The total number of days used by any one individual from Sections 1, 2, 3, 4, and 5 shall not exceed 19.

8. The Board agrees that the union shall have the option of releasing their president full time or part time (increments of 20% at the secondary level). If the union opts to have the president released part or full time they must notify the Superintendent or his/her designee by June 1st of the previous year. The union agrees to reimburse the Board for the appropriate cost of the president to include salary, social security, retirement and any Board paid insurance contributions. At the end of the release, the individual shall be placed in a similar position to what he or she originally held.

All of the above requests should go either directly to the Superintendent or designee and contain the signature of the OCEA president or OCEA executive director.

All of the above requests require the Association to reimburse the school district the full cost of the employee taking leave excluding:

- Collective Bargaining
- Direct Employee representation
- Board Workshops & Meetings
- Grievances
- District committee meetings

I. Any teacher who is a member of the Association or who has applied for membership may execute and deliver to Human Resources a Continuing Membership Authorization authorizing deductions of membership dues in the Association. Such authorization shall continue in effect as long as the Association remains the certified bargaining agent for employees in this unit unless revoked upon thirty (30) days written notice to the Association. Pursuant to such authorization, the Board shall deduct such sum as authorized in equal monthly payments from the teacher's regular salary check beginning with the date of authorization. The deductions shall be remitted monthly to the Association. All retroactive dues will be the responsibility of the Association.

J. The Association agrees to indemnify and hold harmless the Board for any losses or damages arising from the operation of Paragraph I. It is also agreed that neither any employee nor the
Association shall have any claim against the Board for any deductions made or not made, as the case may be, unless a claim of error is made in writing to the employer within thirty (30) calendar days after the date such deductions were or should have been made.

K. Upon appropriate written authorization from the teacher, the Board shall deduct from the salary of any teacher and make appropriate remittance for any and all programs approved by the Board.

L. The Association president, his/her designee, and/or the Association faculty representative shall be given an opportunity at the end of each building faculty meeting to present brief reports and announcements.

M. The Board may advise the Association of any new or modified fiscal, budgetary or tax reforms, construction programs, or major revisions of education policy which are proposed, and the Association may be given opportunity to advise the Board with respect to said matters prior to their adoption.

Section 2 - School Board Rights

A. The Board hereby retains and reserves unto itself, without limitations, all powers, rights, authority, duties, and responsibilities conferred upon and vested in it by the laws and Constitution of the State of Florida and of the United States. Without limiting the generality of the foregoing, the Board specifically retains the management and control of school properties, facilities, grades and course of instruction, athletic and recreational programs, methods of instruction, materials used for instruction, the fixing of the opening and closing dates of schools, the designation of school holidays and the selection, direction, transfer, promotion or demotion, discipline or dismissal of all personnel.

B. These powers, rights, authority, duties and responsibilities of the Board and the adoption of such rules, regulations and policies as it may deem necessary shall be limited only by the specific and express terms of this Agreement.

ARTICLE III - NEGOTIATIONS PROCEDURES

A. Negotiations shall begin no later than thirty (30) calendar days after the expiration date of the current Agreement unless both parties agree to an alternate date. The negotiation meetings will be scheduled at reasonable times to allow both parties to participate fully.

B. During the term of this Agreement, each party reserves the right to reopen negotiations annually on salary, insurance, supplements and one (1) Article of each party's choosing. If either party desires to reopen negotiations under this provision, a written notice must be submitted to the other party by June 1. If such notice is given, negotiations shall be initiated on or before June 20. The negotiation meetings will be scheduled at reasonable times to allow both parties to participate fully. Addendum date will reflect the term of the contract.

C. In the event that the Board incurs a loss of funding or receives notification that a loss of funds is going to occur in an amount greater than five (5%) percent of the operational revenue before January 1 or greater than two (2%) percent of the operational revenue after January 1, then at the
option of the Board, the Board and the Association shall meet and negotiate in an attempt to
resolve the problem created by the loss of such revenue.

The negotiations shall begin within three (3) days after notification of the Association by the Board
that said loss of revenue has occurred, or is anticipated to occur. Should agreement not be
reached within twenty (20) consecutive working days (Monday through Friday), or both the Board
and Association declare impasse, whichever first occurs, then in that event, the Board shall act
unilaterally to resolve any problems created by the loss of revenue.

D. Regardless of the effective date, both parties will abide by language contained in an addendum
unless such language has been modified/deleted in a subsequent contract or addendum. Language
not modified/deleted will remain in force until such language is readdressed by either party.

ARTICLE IV - GRIEVANCE PROCEDURE

Section 1 - Definitions

A. Grievance: A grievance is a claim made by a teacher, or group of teachers, that there has been a
violation of specific provision of this Agreement or interpretation of this Agreement.

B. Party in Interest: A "party in interest" is defined as the person or persons making the claim and
any person who might be required to take action or against whom action may be taken in order to
resolve the claim.

C. Immediate Supervisor: An "immediate supervisor" is defined as the person in the chain of
authority to whom an individual is primarily responsible.

Section 2 - General Provisions

A. The purpose of the procedure is to secure, at the lowest possible administrative level, equitable
solutions to grievances which may from time to time arise.

B. Nothing contained herein shall be construed as limiting the rights of any individual teacher having a
problem to discuss the matter informally with the teacher's immediate supervisor in an effort to
have the problem adjusted without intervention of the Association.

C. All grievance meetings will be held at such time and place to enable all parties to fully participate
in the process. This time will usually be after school.

D. All documents, communications and records dealing with the processing of a grievance will be
treated as confidential files maintained by the Human Resources Department in so far as the same
can be kept confidential while at the same time meeting all requirements of the "sunshine law" and
"public documents law."

E. Based upon the Florida Public Employees Relations Commission (PERC) ruling of September 16,
2003, CA-2003-017, it is agreed that the Okaloosa County Education Association has the right to
initiate and process to arbitration grievances that involve the interpretation and application of the
parties' collective bargaining agreement. The grievance form will be signed by the President of the
Section 3 - Procedures

A. It is expressly understood that a claim must cite the article violated and clearly demonstrate the violation in order to assist in the administration of the grievance.

B. Since it is important that grievances be processed as rapidly as possible, the number of days indicated at each level should be considered maximum and an effort should be made to expedite the process. The time limits specified, however, may be extended by written mutual agreement.

C. A grievance shall be deemed to have been waived unless presented to the immediate supervisor in Step I within fifteen (15) working days after the event or events on which the grievance is based are known or should reasonably have been known by the grievants.

D. Failure at any step of this procedure to appeal the grievance to the next step within ten (10) working days (thirty (30) days in the case of arbitration) shall be deemed to be a waiver of further right to appeal.

E. In the event a grievance is filed on or after April 30, which is left unresolved until the beginning of the following school year, and could result in irreparable harm to a party in interest, the time limits set forth herein shall be reduced so that the grievance procedure may be exhausted prior to the beginning of the new school year.

F. Nothing contained herein shall prohibit the grievant from withdrawing the grievance at any step in the grievance procedure.

G. The grievant shall have the right to have an Association representative present at all levels of the procedure.

H. There shall be no reprisals taken against any member(s) because they have filed a grievance.

Section 4 - Initiation and Procedure (Informal)

In the event that teachers believe there is a basis for a grievance, the grievant(s) shall first discuss the alleged grievance with the immediate supervisor with the objective of resolving the matter informally.

Step I (Formal)

If the grievant(s) has been unable to resolve the grievance informally, the grievant(s) will invoke formal grievance by filing the prescribed form (Appendix) with the grievant’s immediate supervisor with a copy to the Association. Within five (5) work days, the immediate supervisor shall meet with the grievant(s) and shall indicate the disposition of the grievance in writing and shall furnish a copy thereof to the grievant(s).

If the Association President or designee and the Superintendent or designee determine that the authority to resolve the grievance lies beyond the immediate supervisor, Step I may be skipped.
and the parties may agree to have the first formal part of the grievance at the Step II level.

The Association may decide at any level, up to and including Step II, that the grievance lacks merit. The Association will notify the grievant(s) and the principal or immediate supervisor of such a decision.

Step II (Formal)

If the grievant(s) is not satisfied with the disposition of the grievance at Step I, or if no decision has been rendered within ten (10) work days after presentation of the grievance, the grievant(s) may file the grievance in writing with the Superintendent of Schools or designee and notify the Association.

The Superintendent or designee shall represent the Administration at this level of the grievance procedure. Within ten (10) work days after receipt of the written grievance by the Superintendent, the Superintendent or designee shall meet with the grievant(s) in an effort to resolve it. Within five (5) work days from the date of the meeting as set forth above, a written decision shall be rendered.

Step III Arbitration

If the grievant(s) is not satisfied with the disposition of the grievance by the Superintendent or designee, or if no disposition has been made within five (5) working days, the grievance may be submitted to impartial arbitration by the Association. The Association shall submit to the Superintendent within thirty (30) work days, notice of their intent to submit to arbitration. Failure to submit said notice within the thirty (30) days shall eliminate the arbitration step. The American Arbitration Association shall be notified and an arbitrator shall be selected according to its rules.

The arbitrator shall then meet with the two parties for the purpose of making a decision relative to the grievance. The arbitrator's decision shall be rendered following the final meeting and that decision shall be final and binding on the parties. The arbitrator shall not have the power to add to, subtract from, modify or alter the terms of this Agreement. The grievant(s), or the Association on the grievant's behalf, and the Board shall share equally all expenses of the arbitration.

ARTICLE V - EQUITABLE DUTY COMMITTEE

A. An Equitable Duty Committee comprised of five (5) teachers in each school shall be formed during the last two weeks of each year. The committee shall be formed in the following order: One (1) member shall be appointed by the principal, then two (2) members shall be elected by total faculty ballot, one (1) member shall be an Association member elected at large by the Association members within that school, and then one (1) member shall be appointed by the principal.

1. The committee shall meet as needed, but not less frequently than three (3) times annually.
2. The principal, with the committee, shall schedule instructional personnel for school-related duties which occur within the workday on an equitable basis.
3. The Administration and the Equitable Duty Committee should work together during preplanning to identify all possible duties and assign them equitably. The administration shall convene the equitable duty committee as soon as possible to address unforeseeable
duties. The committee will equitably assign the duties within contract language.

4. In an effort to provide teachers with relief time in the morning and afternoons as often as possible and at the same time provide for the necessary supervision of students, the above committee will consider the use of assistants, administrative staff, rotation within grade levels, scheduling of teachers and/or other alternatives. All employees should work together to arrange to have classes supervised if a bathroom break is needed outside of regularly scheduled breaks. If a teacher is having a problem having their classes covered in such a situation, the equitable duty committee should be petitioned to come up with a procedure for that particular teacher. All employees shall cooperate with that procedure.

5. The Equitable Duty Committee at each school site shall be the representative body to serve as the school based paperwork reduction committee. This committee shall periodically recommend procedures to the principal for eliminating, reducing, revising, and consolidating paperwork and data collection requirements.

6. The individual school budget shall be discussed by the Equitable Duty committee and the principal during the budget process.

ARTICLE VI - TEACHING CONDITIONS

A. A copy of the school budget shall be readily available to all teachers.

B. The Board shall equitably provide each teacher with necessary materials required in daily teaching responsibilities.

C. The administration will provide access to a telephone with privacy for professional calls including long distance calls.

D. Each teacher shall report any unsafe or hazardous conditions, in writing, to the principal as soon as practicable.

E. A room shall be provided in each school for necessary teacher conferences with parents or students.

F. The Board shall provide a reserved parking area for teachers except when substantial capital investment would be needed to accomplish this goal.

G. When school is not in session, teachers shall be given access to the building for use in conducting school business. This arrangement with the principal will be equitable and scheduled at reasonable times.

H. Procedure for visitation of a teacher's class by an individual other than School Board Members or district/school administrative/supervisory personnel:

1. Complete the Classroom Visit Request Form (Appendix F) by the visitor;
2. All paperwork shall be completed at least 24 hours prior to classroom visit;
3. Such persons will be issued a visitor’s pass;
4. This procedure may be waived with teacher consent.
I. Teachers and administrators accept the joint responsibility to minimize unnecessary schedule changes and unnecessary interruptions by maintenance, custodial or construction workers, inter-communication systems or other such disturbances in classroom/school.

J. Principals are encouraged to confer with teachers on the criteria/method for selection of Department Chairperson, Team Leaders, and Grade Level Chairperson. Principal shall publish criteria/method for selection. Appointments to these positions will be for one (1) year.

K. Custodial service shall be provided by the Board to maintain classrooms and other areas of each school in a clean condition except in cases of emergency.

L. The school performance plan (SPP) will be developed with the input from teachers at each school site.

M. Elementary teachers may use the time during which their students are in special classes as preparation periods. Exceptional student education teachers are entitled to a preparation period the same as elementary classroom teachers. The preparation period will not be preempted for duty or activities not related to lesson planning and preparation.

N. Collaborative Planning Groups will provide to principals a schedule of dates and times they will meet and discuss instructional strategies, practices, and content for a minimum of thirty (30) consecutive minutes once per week. When necessary, principals will flex the personnel’s work week to accommodate the thirty (30) consecutive minutes.

O. The length of the teachers' professional day shall be seven and one-half (7.5) hours including a preparation period and a duty free lunch period.

The preparation period shall be not less than one instructional period in secondary school. In a standard week, elementary teachers will have 225 minutes per week during the student instructional day with at least thirty (30) consecutive guaranteed minutes every day.

The duty free lunch period shall be a minimum of thirty (30) minutes. Teachers may be required to remain with the students during the lunch period for three of the first five days of school. The district recognizes the sooner the students can be placed in their regular routine, the better. During an emergency, teachers shall be called back for supervisory duties during the lunch period. (A planned event cannot be considered an emergency.) The duty free lunch period will be waived for preschool handicapped and pre-kindergarten early intervention teachers. However, their work day should be adjusted for a thirty (30) minute duty-free period sometime during the 7.50 hour day.

ESE teachers responsible for IEPs, will be provided four (4) days per school year to complete required paperwork and/or to hold IEP meetings. If an ESE teacher isn't provided a duty period to complete IEP development, or provided a daily paperwork period, in lieu of taking these four days, the ESE teacher may elect to be paid $750 for the school year for developing students' IEPs on their caseload. The District ESE department will verify each teacher's caseload. However, during a Florida DOE FEFP FTE/Transportation audit year, ESE teachers who elect the payment option will receive $900. If the teacher chooses this option and fails to complete the student IEP’s, the teacher will forfeit the money and will lose the ability to select the monetary option for three
years.

Secondary school teachers will have no more than five (5) regular class periods with at least one (1) preparation period. The preparation period shall not be preempted for duty or activities not related to lesson planning and preparation.

Additional assignments related to the instructional program may be made during the specified day as required. Assignment limitations contained in this paragraph may be waived in case of an emergency.

High school and Vocational principals will have the authority to assign equitably duties during one of the two (2) non-teaching periods. Secondary school teachers and teachers at Vocational schools who teach academic subjects that are also offered at traditional high schools who agree to teach a 6th period in the 7 period day, the 6th teaching period is in lieu of a duty period. Those teachers with 6 classes will have a planning period and will be paid the hourly rate for the 6th class per the salary schedule. When professional development activities are held during duty periods, the 6th period teachers will attend the professional development during planning period. Newly hired teachers with no experience shall not teach more than five (5) periods.

Duties will include but not be limited to:

1. teachers as advisors duties;
2. supervisory duties;
3. study halls;
4. committee assignments for curriculum projects, accreditation projects;
5. teachers who sponsor non-supplemental school clubs and supervise other after-school activities will be given consideration when duties for the second non-teaching period are assigned.

High school teachers who are earning a supplement will have five (5) regular class periods, a planning period and may have a supplement period.

Secondary school teachers and teachers at Vocational schools who teach academic subjects that are also offered at traditional high schools will have no more than five (5) regular class periods with at least one (1) preparation period. Teachers at Vocational Schools shall be given a designated 50 minute time block for planning/preparation.

Teachers may be assigned equitably a maximum of eight (8) supervisory and professional duties prior to the time when they would otherwise be required to report for duty in the morning or subsequent to the time they would normally leave in the afternoon. None of these duties may be required on Saturday or Sunday except in the case of an emergency.

1. No more than four (4) of the eight (8) duties will be extracurricular activities such as club-sponsored dances and programs, athletic events, etc., when they occur outside of the contract hours.
2. Teachers are not required to participate in more than one activity during any one week.
3. The aggregate number of such duties should not exceed that of the prior years unless conditions clearly require an increase.
4. When a teacher is required to attend faculty meetings, department, grade level and team
meetings that extend beyond the teacher’s contract hours, that meeting will be considered fulfillment of a duty as described in Article V.

5. Participation in each open house or orientation fulfills a duty as described in Article V.

6. A duty is an activity beyond contract hours up to ninety (90) minutes. If a duty extends beyond 90 minutes, it will be counted as two duties.

7. When faculty meetings are held before or after school and the principal declares attendance at the meeting is “voluntary” in order to avoid counting the meeting as a duty as stated above, the principal must send the content of information discussed to all teachers at the school.

Q. Teachers' participation in extra-curricular activities beyond the established limit as cited in the above paragraph for which no additional compensation is paid shall be strictly voluntary.

R. The Board shall make efforts to provide teaching stations which it deems appropriate for all special service and special subject teachers.

S. Substitute teachers shall be employed for all absent teachers, including special areas, when feasible and/or possible. This statement should not be construed to mean that teachers on duty will be assigned to cover the absent teacher's classroom unless in an emergency.

T. Teachers shall not conduct bomb searches. At the direction of the principal, teachers shall visually check their area of normal responsibility and report any suspicious items. A teacher’s area of normal responsibility shall be defined prior to any visual check.

U. It will be the teacher’s responsibility to provide daily lesson plans. The teacher should have an emergency lesson plan available.

V. When available, substitute assistants will be employed for absent assistants.

W. When inclusion is deemed an appropriate placement by the IEP team for a medically fragile student, the teacher, except in emergency situations, will not be responsible for the delivery of specialized health care procedures not specifically delineated as the proper responsibility of certified teaching personnel according to "Guidelines for the Delineation of Roles and Responsibilities for the Safe Delivery of Specialized Health Care in the Educational Setting, May 1, 1990".

X. The District and the Association shall continue to work together in an effort to make a substitute call-in system a viable system for all employees who require a substitute.

Reasonable effort will be made by the District to:

1. Provide an adequate pool of qualified substitutes,

2. Minimize meetings and training sessions on Fridays and any day prior to or immediately following a holiday.

Reasonable effort will be made by the teacher to:
1. Report absences to the nearest quarter of an hour to the system as soon as possible,
2. Report TDE absences and any other planned absence to the system as far in advance as possible.
3. In emergency situations when a teacher is required to leave school and the system is not involved, teachers may voluntarily cover for each other. If a teacher is required to leave for an emergency with more than ¼ of the school day remaining, every effort will be made to secure a substitute. If a substitute cannot be obtained, teachers shall voluntarily cover for each other.
4. When coverage of a class is required for more than a ¼ day and the SEMS system has been notified to obtain a substitute teacher for that absence, yet has been unable to obtain a substitute, that class will not be combined with other classes until all available personnel have been utilized.

Y. Lesson Plan Guidelines

1. Lesson planning is an essential element of effective and highly effective teaching. All teachers are expected to have current plans for the subjects they teach.
2. Lesson planning involves consideration of key elements including the school’s SPP initiatives, student learning goals, curriculum standards, essential questions, research-based learning experiences, resources, differentiation, formative and summative assessment, and reflection.
3. The Teacher’s sequential lesson plans should be accessible in the classroom at all times. Teachers should have an emergency lesson plan available.

Z. A teacher’s social security number shall not be required on attendance sheets at a workshop, conference or in-service.

AA. The District will pay the costs for fingerprinting for instructional personnel when needed for recertification.

BB. If there are five (5) or more preplanning days, at least two (2) will be no meeting days. If there are four (4) preplanning days, there shall be one (1) flex day available to teachers and one (1) of the four (4) days shall be a “non-meeting” day. If there are three (3) preplanning days, there will be two (2) flex days offered. Flex days are defined as two week days immediately prior to preplanning. A teacher may elect to work and then take those days off during the other teacher workdays during the school year. Teachers must notify principals in advance as much as possible as to flex days they wish to take. Teachers who elect to utilize flex days before pre-planning shall not be required to attend workshops, meetings, or conferences on those days. Newly hired teachers in the district may be required to use “flex days” and attend new teacher orientation. Teachers will not be required to attend meetings during the teacher workdays at the end of the 1st, 2nd and 3rd nine-weeks grading periods. During post-planning teacher workdays, one faculty meeting may be held, but shall last no longer than one hour.

CC. Peer Mentors for teachers participating in the new teacher orientation program will receive a stipend when expectations are met of $650 per year per teacher for mentoring a new teacher on a Temporary Certificate and $450 per year for consulting mentoring a new teacher on a Professional
Teachers new to Okaloosa County with outside experience will be offered a peer mentor in writing. If the teacher accepts, a peer mentor will be assigned, and the mentor will receive a stipend of $450 after completing the mentoring process. Peer teachers mentors will also receive two days of release time for each beginning teacher assigned for attendance at training, consultation, planning and review of materials. Peer Mentors may not be assigned more than two beginning teachers.

The Association may participate in any beginning of the year new teacher orientation programs.

Instructional Coach Program

The purpose of an Instructional Coach is to provide knowledge and support to classroom teachers as they implement best practices and evidence-based instructional strategies. The Instructional Coach will use methods such as modeling, data analysis, collaborative planning, classroom management strategies, assessment best practices, and collaborative conversations to strengthen instruction and support teacher and student needs.

Teachers, instructional coaches and administrators will meet collaboratively to develop a School Performance Plan (SPP) in the areas of ELA, Math, Science, and Social Studies. This collaborative process will include goal setting, identifying areas of need, and developing differentiated professional learning experiences geared to impact classroom instruction and student achievement. The SPP will serve as the school’s guideline for instructional expectations in the classroom. Instructional Coaches may be used to support teachers in meeting those expectations through modeling and other professional development activities as requested by the teacher.

Administration may direct individual grade levels/departments to work collaboratively with the Instructional Coach to support the implementation of the SPP.

Of utmost importance to the program is the trust level developed between the teacher and the Instructional Coach. Consequently, any specific information about what a coach sees in a classroom shall be kept absolutely confidential. Administration should not inquire about specific items that a coach has seen which would impact evaluations or decisions about an individual’s continued employment. Evaluation of personnel is to be conducted according to the Master Contract and no information about an individual derived specifically from the Instructional Coaching program shall be used to support decisions in regards to an individual’s job status. The Instructional Coach Supervisor and Instructional Coaches shall be instructed not to give such information to the administration and/or other personnel should they ask and further to report any such request to the Superintendent or designee, and the administrators immediate supervisor. Instructional Coaches shall be paid for any days beyond the 196 day rate at the negotiated rate. Coaches will be expected to contact all of their assigned teachers with timely information.

Refusal to implement an Instructional coach methodology will not result in disciplinary action. However, failure to improve a noted area of concern could affect the Teacher’s Evaluation. It is not the intent of the district to add to the teacher’s work day, specifically because of this program. Programs shall occur within the 7.50 hour day and teachers should not be required to forfeit planning time involuntarily because of this program. Substitutes shall be provided to help facilitate
appropriate communications. OCEA shall be welcome to observe the training of literacy/math/science coaches. If it is determined that an Instructional Coach has violated confidentiality they will not be allowed to continue in this program. If it can be shown that a coach has violated the confidentiality of this program, they will be returned to the classroom if they were transferred originally.

Instructional Coaches will be paid the hourly rate for training if they are required to train outside their normal contract hours unless arrangements are agreed to on flex time before the training occurs.

FF. Employees shall be admitted without charge to any school-sponsored athletic event. The provision shall not apply to state athletic playoff events. The employee will provide some form of identification that verifies their school board employment to gain admission. This shall apply to employees only.

GG. Teachers will use the electronic grade-book when and where applicable.

HH. Employees required to move from one assigned classroom to another shall be provided assistance when moving boxed or packed material from one classroom to another.

II. Communication between parents and teachers is vital. Teachers may choose the form of communication between teacher and parent.

JJ. The mailroom and employee break room will not be used as places for solicitation.

KK. New teachers assigned who are assigned a Peer Mentor and participating in the new teacher orientation program will receive two days of release time for attendance at training, consultation, planning, and review of materials.

LL. After the first two weeks of each semester, teachers must be provided ample written notice before new students or students with schedule changes may be placed in their classes.

MM. Test administration and proctoring responsibilities will be equitably distributed among each school’s eligible staff.

NN. Teachers responsible for completing kindergarten report cards will be provided one-half (.5) day of TDE at the end of the 1st, 2nd and 3rd nine-weeks and one (1) day at the end of the 4th nine-weeks for the purpose of completing the on-one student assessment required to complete the report card. The TDE day shall be taken within the 5 school days prior to the end of each nine week grading period.

OO. DJJ and Winter Break

1. A staff member would be able to have off during winter break by agreeing to do the following:
   a) Work a full day on Veteran’s Day on November 11
   b) Attend job-alike meetings for 2-3 hours at a time (similar to grade level meetings)
c) Work at your job site for 2-3 hours at a time
d) These hours must be done after your normal workday
e) You must sign in and out
f) The number of hours completed must be equal to the number of days you want off
during winter break (1-4 days)
g) Staff can do any combination of number 1, 2, 3 but staff must participate in at least two
job-alike meetings.

ARTICLE VII - CLASS SIZE AND CLASS LOAD

A. Administrators will make efforts within reason to ensure that teacher student ratios are equitable
within schools. Administrators will also make efforts within reason to ensure that students are
distributed in such a way that no one teacher is tasked with any particular subgroup.

B. Definitions:

1. Class Size is the number of students assigned to a teacher for a period of instruction. In
elementary schools, where one teacher directs all learning, it is the number of students for whom a
teacher is responsible daily. In secondary schools or other schools in which teachers are
responsible for instruction in a particular subject, it is the number of students for whom a teacher is
responsible during a single period.

2. Class Load is the number of pupils students for whom teachers are responsible daily where the
teacher is assigned more than one class each day.

If a class consists of two grades, whichever of the two grades' maximum class size is the smallest
shall be the maximum class size for that class.

3. Maximum Class Size and Class Load

a. Elementary

Kindergarten - 1st grade 24*
Grades 2-3 25*
Grades 4-5 28*

*This does not apply to Special Area Teachers

b. Secondary

Academic and Vocational 150 (maximum class load)
Physical Education 220 (maximum class load)

C. Teachers whose class size exceeds the limits listed in Maximum Class Size and Class Load shall
request relief from their principal.
D. The Principal or his designee will explore with the teacher all practical ways either to reduce the class size or to provide relief through local means without commitment of additional funds. If class size and class load cannot be reduced and it is determined that class size and class load has exceeded the maximum, adequate teacher relief will include but not be limited to the following: (1) aides, (2) additional equipment or materials, (3) compensatory time, (4) exchange of students, (5) changing physical space, (6) an additional teacher. The time frame for hiring additional personnel under this provision will be consistent with district personnel policy and Article IX.

E. Every effort will be made to have not more than three (3) subject area preparations per day.

F. General Education Elementary teachers who are assigned more than one grade level in their class will receive a $1,000 annual supplement.

G. Speech/Language Pathologists, Occupational Therapists and other employees who are required to complete Medicaid billing paperwork will be assigned a maximum of 60 students for whom they must complete reports.

ARTICLE VIII - TEACHERS AUTHORITY AND PROTECTION

A. Any case of school related assault upon a teacher, either physically or verbally, shall be promptly reported to the Board or its designated representative. Teachers have the right to report such assault to the appropriate legal authorities. The Board shall save harmless and protect all teachers to the extent of Board liability under the laws of Florida. Time for appearances before a judicial body or legal authority when in connection with any incident in this Article shall result in no loss of wages or reduction in accumulated leave.

For the purpose of this provision, an “assault” is an intentional, unlawful threat by word or act to do violence to the person of another, coupled with an apparent ability to do so, and doing some act which creates a well-founded fear in such other person that such violence is imminent.

B. It is the responsibility of the teacher to maintain a satisfactory level of control and discipline. The Board recognizes its responsibilities to offer reasonable assistance to the teacher in meeting this responsibility.

C. A teacher may impose classroom discipline where necessary in cases of minor infractions and may use such reasonable force as may be necessary to protect themselves and other students from the disruptive student(s).

D. Every effort shall be made to informally resolve complaints made against instructional personnel by parents, students, or other individuals. Instructional personnel will be notified and given an opportunity to respond within five (5) working days when the administrator becomes aware of an alleged incident/complaint.

Failure of instructional personnel to respond in a timely manner does not limit the time-line for taking administrative action.
If investigation of a complaint warrants official action, (written notice, reprimand, recommendation for disciplinary action, etc.) documentation including written acknowledgment of instructional personnel must be filed in compliance with Personnel Record laws and rules.

If the incident warrants a formal investigation, the maximum of thirty (30) calendar days shall be the limit for the completion of investigative procedural steps. However, an extension may be granted if both parties agree that additional time is warranted. If an outside agency such as DCF or Law enforcement is involved, the district investigative timeline will be temporarily suspended until the investigation by the outside agency is complete.

E. The Association will be provided a copy of the District’s current Progressive Discipline Plan by the start of preplanning each year, and any time a revision is made.

F. Education Discipline

There shall be a Placement Review Committee consisting of a minimum of three members selected at each school during pre-planning. Two teachers and one alternate shall be selected by the faculty. The selection process shall guarantee open nominations and a secret ballot. After the faculty has selected their two teachers and one alternate, the principal shall appoint a school staff member and one alternate. Any expansion of the Placement Review Committee shall maintain the ratio specified in HB 341; two members selected by the faculty for each member appointed by the principal.

A teacher may remove from class a student who has been documented by the teacher to repeatedly interfere with the teacher's ability to teach, or may immediately remove a student whose behavior the teacher determines is so unruly, disruptive, or abrasive that it seriously interferes with the teacher's ability to communicate or with the ability of the student's classmates to learn.

The principal may not return the student to that teacher's class without the teacher's consent unless the Placement Review Committee determines that such placement is the best or only available alternative.

Regular discipline referrals for minor offenses are not dealt with under the provisions of this law. (Section 1003.32, Florida Statutes)

G. Each report of known or suspected child abuse, abandonment, or neglect by a parent, legal custodian, caregiver, or other person responsible for the child’s welfare as defined in this chapter, except those solely under s. 827.04(3), and each report that a child is in need of supervision and care and has no parent, legal custodian, or responsible adult relative immediately known and available to provide supervision and care shall be made immediately to the department’s central abuse hotline. Such reports may be made on the single statewide toll-free telephone number or via fax, web-based chat, or web-based report.

H. When it is known that a student has any of the diseases listed in Okaloosa County School Board Policy Chapter 20 (Communicable Diseases), teachers in immediate contact with that student shall be notified.
I. All personally addressed mail, either postal or courier, shall not be opened without a teacher’s written consent.

J. No language in Article VIII above will be interpreted to bargain away the rights of students.

K. Personnel files and letters of reprimand: At the request of an employee, written reprimands, material of a derogatory nature or complaints in an employee’s personnel file may be appended with the notice that the material is no longer relevant for disciplinary purposes, provided there has not been a recent incident of a similar problem or complaint.

L. Employees covered by this collective bargaining agreement shall not have the responsibility of direct supervision of outside non-instructional contractors as amended by SB 988, unless employee volunteers for specific situations.

**ARTICLE IX - GENERAL EMPLOYMENT PRACTICES**

A. Vacancies

   Vacancies shall be defined as any bargaining unit positions to be filled. Posting of vacancies shall comply with Article X, B - Voluntary Transfers.

   1. Summer academic, evening or adult education, supplemental positions and other programs in the Okaloosa County School District shall be filled with preference to the more qualified current employee as determined by the Board and Superintendent. Both parties agree that certification takes priority in hiring Summer School employees. This provision shall not be interpreted to prohibit the Board from filling the above named positions from outside applicants.

   2. Teachers employed to fill vacancies shall have applied for or have a valid Florida teaching certificate and shall be placed at the appropriate step of salary schedule upon employment, based on experience and training.

B. Vacancies in Promotional Positions

   1. Promotional positions are defined as positions included on the Administrative Salary Schedule or twelve (12) month instructional positions.

   2. All vacancies in promotional positions, as defined herein, shall be posted in OASIS.

   3. Teachers who desire to apply for such vacancies shall submit their applications through OASIS.

C. Summer Program and Summer Academic Program

   1. Teachers in the summer program and summer academic program shall be paid in accordance with the salary schedule which is attached to and is an appendix of this
agreement.

2. Teachers in the summer program shall be entitled to one and one-half (1.5) sick leave days at the rate of one (1) day of sick leave for twenty (20) work days. If such leave is not used during the Summer Program, the unused summer school leave shall be paid to the employee at the end of the session based on the Summer School Salary Schedule.

3. Teachers employed for summer positions shall be notified by letter stating the conditions under which they will be employed prior to the beginning of their program.

4. Should registrations not be adequate to maintain classes, the teachers shall be paid for the first class period.

5. Positions for summer programs shall be filled by personnel within each school if the programs are held at each school. A principal may seek teachers from other schools in the district if no one is certified to teach a particular course. A principal will notify Human Resources of any unfilled positions; Human Resources will then notify all teachers via the email system of the unfilled positions with instructions on how to notify the Principal of their interest. A substitute may be hired if no other teacher in the district is available to fill the position.

6. Summer programs will rotate on an annual basis among all the schools in a zone unless each school conducts its own program. If a school cannot be in the annual rotation, the teachers at that school will have priority for positions in the year that the summer session would have been held at that school.

D. Hourly Instructional Program

1. All hourly instructional personnel including vocational-technical, adult education and compensatory education programs shall be paid in accordance with the hourly rate on the Salary Schedule and shall not earn sick leave.

2. Instructors appointed for positions in these programs shall be notified stating the conditions under which they will be employed prior to the beginning date of their program.

3. Should registrations not be adequate to maintain classes, the instructor shall be paid for the first class period.

E. Supplemental Positions

1. Supplemental positions shall be those listed in Appendix H. Any additional supplements must meet the provisions of Article XXI (Waiver Procedure).

2. The Board and the Association recognize supplemented positions to be those positions with duties over and above those of a full-time certificated instructional employee. The Board shall make annual appointments of teachers to supplemental positions six (6) weeks
prior to the end of post school planning when feasible. Once notified of their
appointments, such teachers shall not be dismissed from supplemental positions without
just cause for the appointed year.

3. Salaries for supplemental positions shall be paid only to persons who fulfill the
responsibilities of supplemental positions listed in Appendix H.

4. When possible, the Board shall notify all supplemental teachers of their supplemental
calendar prior to post planning of each school year.

5. Supplemental positions will be posted, along with the job description, at the appropriate
work site three (3) working days (exclusive of weekends and holidays), prior to the filling
of the position.

F. A seniority list based upon date of hire in the district will be provided to OCEA on a monthly
basis.

ARTICLE X - TRANSFERS AND REASSIGNMENTS

A. The Board and the Association recognize that frequent transfers of teachers from one school to
another may disrupt the education process and interfere with optimum teacher performance;
however, they also recognize that some transfers will be necessary for administrative purposes and
to insure a fair distribution of experienced and qualified teachers throughout the system.
Management reserves the right for the principal to accept voluntary transfers of certified
instructional personnel within the school staff prior to advertising.

B. Voluntary Transfers

1. After consideration of in-school personnel, vacancies that will extend beyond ninety (90)
days shall be posted utilizing the OASIS program.

2. Duration of the posting shall be for two (2) working days. The transfer period will be
reduced to one (1) working day for two weeks beginning on the first day of preplanning.

3. Instructional employees wishing to transfer shall submit an on-line application on-line using
OASIS.

4. In acting on requests for voluntary reassignments and/or transfers the following criteria
will be applied:

a. certification
b. instructional requirements,
c. individual or personal qualifications and evaluations,
d. length of continuous service within the bargaining unit,
e. specialty experience,
f. principal's acceptance of applicant.
C. Involuntary Transfers

1. A vacancy should not be filled by means of an involuntary transfer or reassignment unless the transfer is deemed by the Board to be in the best interest of the Okaloosa County School System.

2. Notice of an involuntary transfer or reassignment will be given to teachers as soon as practicable.

3. Involuntary transfer and reassignment will occur as infrequently as possible and should be limited to meeting the requirements of class size, experience of staff and personal adjustment for specific teachers. Involuntary transfers for any other reason must be approved by the Superintendent, which would provide the teacher the opportunity to address the Superintendent regarding the transfer.

4. No employee shall be involuntarily transferred until management has first given qualified employees the opportunity to transfer voluntarily. When an involuntary transfer or reassignment is necessary, a teacher's (1) areas of certification, (2) evaluation reports of service within the bargaining unit, and (3) length of continuous service within the bargaining unit, will be considered in the order listed in determining which teachers are to be transferred or reassigned. Involuntary transfers shall not be arbitrary, capricious, nor based upon one year’s student test scores. In exceptional cases where the problem calling for the transfer or reassignment cannot be resolved because of the limits of the above criteria, a unilateral transfer may be made by the Superintendent. Full justification will be provided the teacher involved and become a matter of record.

5. Employees receiving an involuntary reassignment during the school year to a different room shall receive two (2) preparation days prior to the start of the involuntary reassignment. Employees receiving an involuntary reassignment during the school year not involving a change of rooms shall receive one (1) preparation day prior to involuntary reassignment.

6. The School Board recognizes that extra work is required of teachers when schools are closed and/or realigned. The district will provide as much advance notice as possible to teachers who will be relocated because of school closures and/or realignments, in order to allow as much time as possible to pack materials, supplies, etc., and the manpower necessary to facilitate moving. Also, the District recognizes the need to furnish packing materials and supplies i.e. boxes, tape, etc. The District may choose to give additional days of pay or release relocating teachers from responsibilities related to pre and post planning days.

7. Employees receiving an involuntary reassignment to a different grade level or course preparation shall be notified first by the principal or his or her designee.
8. Failure by any teacher hired in a teaching and supplemental position to maintain the supplemental position could result in an involuntary transfer.

**ARTICLE XI - REDUCTION IN PERSONNEL**

A. The Personnel Department shall notify the Association president or designee of anyone who is being placed in lay-off from the bargaining unit before presenting the lay-offs to the School Board.

B. If a reduction in staff is determined to be necessary, the following procedure shall be controlling:

1. Lay-Offs

   a. Principals shall determine if “layoffs” are necessary at their schools by area of certification. Within area of certification, the first to be laid off shall be the teacher who does not have a fully completed evaluation score. If there is more than one, the teacher with the lowest “teacher performance score” on the evaluation shall be the one in lay off. If there are insufficient numbers at the school who do not have completed evaluation scores, then the annual contract teacher with the lowest current evaluation scores shall be the one in lay off. If there are not sufficient numbers of annual teachers at the school, then the PSC/CC teacher who has the lowest current evaluation score shall be placed in lay off. When school is in session or one (1) week before school is in session, if there are no vacancies to place laid off teachers in, then bumping shall occur. Bumping shall occur on a district wide basis.

   b. Should the prohibition against the previous seniority-based system be removed judicially or legislatively, the Board and the Association agree to return immediately to the previous system.

2. Recall

   a. The Board shall determine the areas of certification and the number of positions in which recall will be made and the number of teachers to be recalled.

   b. Continuing/professional service contract teachers shall be recalled first in inverse order of lay-off. Annual contract teachers shall then be recalled. The order of recall of annual contract teachers shall be determined by the Board.

   c. No new teachers shall be hired in a laid-off teacher's area of certification.

   d. Laid-off teachers shall remain on the recall list until such time as they are recalled or decline employment.

**ARTICLE XII - LEAVES**

22
A teacher returning from paid or unpaid leave will be returned to his former or similar position. Such teacher shall also be advanced to the appropriate position on salary schedule.

A. Sick Leave

1. Pursuant to State Statute 1012.61 eligibility, “Any member of the instructional staff who is unable to perform his or her duty on account of personal illness, accident disability, or extended personal illness, or because of illness or death of father, mother, brother, sister, husband, wife, child, other close relative, or member of his or her own household, shall be granted leave of absence for sickness by the Superintendent or by someone designated in writing by the Superintendent to do so.” “Member of the employee’s own household” shall be any individual whose legal residence is the same as the person requesting leave. Proof of residence may be driver’s license, utility bill, bank statement, or federal tax form. Sick leave shall be taken in hourly increments. In the event an absence exceeds five (5) consecutive work days, a certificate from a licensed physician shall accompany the Sick Leave Claim.

2. Each member of the instructional staff is entitled to four (4) days of sick leave as of the first day of employment of each current year, and thereafter is credited with one (1) additional day of sick leave at the end of each month of employment pursuant to Florida Statute 1012.61. However, no employee may earn, during a fiscal year, more than a total of one (1) day of sick leave for each month of employment.

3. If a teacher is employed for ten (10) months, then he can accrue a maximum of ten (10) days per year, provided that such leave shall be taken only when necessary because of sickness herein described. Such leave shall be cumulative from year to year without a limitation on the number of days to be accrued.

4. Any leave taken under this section that qualifies for leave under the Family Medical Leave section of the Article shall be taken in conjunction with the Family Medical Leave section.

5. An employee may authorize the use of the employee’s accrued sick leave by a spouse, child, parent, current in-laws or sibling who is also a school board employee. The following restrictions apply:

   a. The recipient may not use the donated leave until all of the recipient’s sick leave has been depleted, including sick leave from a sick leave pool if the recipient participates in a sick leave pool;

   b. Donated sick leave has no terminal pay value;

   c. The donor may not draw sick leave from a sick leave pool until the donor has used unpaid leave for the number of donated days.

B. Paid Personal Leave

A member of the instructional staff may use six (6) days of his cumulative sick leave each year for personal reasons. These six (6) days cannot be accrued from year to year. No more than six (6) personal leave days may be used consecutively. A teacher using personal leave shall make a good
faith effort to notify the principal or his designee at least twenty-four (24) hours prior to taking such a leave. Personal leave shall not be available in any one school on a given student day to over fifteen percent (15%) of the teachers except in cases of emergency. Such leave shall be granted based upon first notifying the principal.

C. Annual Leave

1. Full time employees who are employed on a twelve (12) month basis shall accrue annual leave as follows:
   a. An employee with less than five (5) years continuous service in the district at the rate of one (1) day per month for each month of full-time employment.
   b. An employee with five (5) years or more of continuous service in the district at the rate of one and one-quarter (1.25) days per month for each month of full-time employment.
   c. An employee with ten (10) years or more of continuous service in the district at the rate of one and one-half (1.5) days per month for each month of full-time employment.
   d. An employee with fifteen (15) or more continuous service in the district at the rate of one and three-fourths (1.75) days per month for each month of full-time employment.

2. Annual leave shall accrue at the close of each month.

3. Annual leave shall be approved by the Superintendent upon written request from the employee and with prior approval of the employee's immediate supervisor. No employee or group of employees may be required to take annual leave.

4. This leave may not be taken until accumulated. An employee will be allowed to accumulate up to 500 hours.

5. Upon retirement or termination for any reason an employee is entitled to full payment at his current daily rate for any unused accumulated annual leave up to the maximum allowed by School Board Policy.

D. Personal Leave Without Pay

Any absence beyond accrued leave must be approved by the School Board prior to the absence except in case of documented emergency. Illness with doctor's excuse is considered a documented emergency. Other personal/emergency leave requires that written documentation/verification accompanies the Request for Leave and that all personal leave has been exhausted.

Absences without approved leave are subject to disciplinary action and/or termination. Employees can be assured that all requests for leave without pay will be submitted to the School Board with a recommendation by the Superintendent for approval or non-approval. Employees on personal leave without pay will not be allowed to switch to paid leave without first coming back to work.
This provision shall have no effect on the use of the sick leave pool.

Any leave taken under this section that qualifies for leave under the Family Medical Leave section of the Article shall be taken in conjunction with the Family Medical Leave section.

If an employee is listed on the Leave without Pay report for taking unpaid leave without their supervisor’s approval, the employee will be removed from the Leave without Pay report if the employee does not receive an additional warning for twenty-four (24) months.

E. Illness/Injury-in-line-of-duty

Any member of the instructional staff shall be entitled to illness-in-line-of-duty leave when the member is to be absent from duties because of illness from any contagious or infectious disease contracted in the school or injury suffered while on duty.

Illness/Injury-in-line-of-duty (Certification)

Request for illness/injury-in-line-of-duty resulting from contraction of contagious disease in school shall require a physician’s statement, attached to the leave request from the principal, certifying that the teacher making the request was in contact with the disease within the incubation period.

Illness/Injury-in-line-of-duty (Claims)

Any member of the instructional staff who has any claim for compensation while absent because of illness contracted or injury incurred as prescribed herein shall file a claim in a manner prescribed in Florida Statutes 1012.61, by the end of each month during which such absence has occurred. The Board shall approve such claims and authorize the payment thereof provided that the Board shall satisfy itself that the claim correctly states the facts and that the claim is entitled to payment in accordance with the provisions of this action.

Illness-in-line-of-duty (Duration of Leave and Compensation)

Leave of any such member of the instructional staff shall be authorized for a total not to exceed ten (10) school days during any school year for illness contracted, or injury incurred from such causes as prescribed above. However, in the case of sickness or injury occurring under such circumstance as the opinion of the Board warrants it, additional emergency sick leave may be granted out of local funds for such term and under such conditions as the Board shall deem proper.

F. Bereavement Leave

An employee who suffers the death of an immediate family member will be granted bereavement leave in the following manner:

1. All permanent employees will be credited with paid bereavement leave in the event of a death in their immediate family. Immediate family is defined as a spouse, parent, sibling, child, grandparent, grandchild, or their current in-law or step-relative counterparts.

2. Employees will be credited with the paid bereavement leave on a fiscal year basis.
Bereavement leave must be taken within two (2) weeks of the loss or burial and is not cumulative. Employees will not be paid bereavement for days not scheduled to work. Employees are required to attach a copy of the obituary or other satisfactory document to the leave request form.

3. If the funeral is to be held within 250 miles of the employee’s home - - the employee shall be allowed to utilize a maximum of three (3) days of bereavement leave.

4. If the funeral is to be held more than 250 miles from the employee’s home - - the employee shall be allowed to utilize a maximum of five (5) days of bereavement leave.

5. The use of bereavement leave does not prevent the employee from taking additional sick leave or unpaid leave.

6. Bereavement leave may not be used more than twice during a fiscal year.

G. Sabbatical Leave

For the encouragement of continued professional development and the resulting improvements in the quality and level of experience of the teaching staff, sabbatical leave without pay for up to one (1) school year shall be granted by the Board.

1. Any teacher who has satisfactorily completed six (6) consecutive years of teaching in the school district may apply for sabbatical leave.

2. A sabbatical leave without pay may be granted to permit a teacher to engage in study, research, or other reason approved by the Board.

3. A teacher who requires a sabbatical leave for study will be expected to enroll as a full time student at an institution of higher education.

4. The Application for Sabbatical Leave (Appendix D) including a plan for study and/or travel must be submitted to Human Resources as soon as feasible. Applicants will be notified as soon as a decision is reached. A teacher receiving permission to take a sabbatical leave shall inform the Superintendent in writing within fifteen (15) days of the teacher’s intention to either accept or decline such leave.

5. Not more than six (6) teachers represented in the bargaining unit shall be granted sabbatical leave during any one (1) school year.

6. Applications for sabbatical leave will be screened by a committee of six (6) members. Three (3) members of the screening committee are to be appointed by the Superintendent and three (3) members are to be appointed by the President of the Association. Criteria to be considered by the screening committee in reviewing applications for sabbatical leaves will include need, area, and plan of study and/or travel, seniority and past contributions to the school district. In all cases, a teacher making application for the teacher’s first sabbatical leave shall have preference over one who has previously had sabbatical leave. Upon termination of sabbatical leave, a teacher shall not be entitled to another sabbatical leave.
until he/she has completed an additional six (6) full years of service in the school district.

7. In addition to the six (6) teachers approved, a list of alternates will be established. The alternates will be ranked according to their precedence, previously established by the committee. Procedures for Removal of a Disruptive Student From the Classroom
Continual Ongoing Disruption

a. Begin documentation in a file referencing the specific disruptive acts of the student in question. Include in this the date, time, location, specific incident, how the learning process was interrupted, the problems encountered because of the student’s misbehavior or how the disruption affected the other student’s ability to learn.

b. Denote all disciplinary measures taken by you, both informal and formal, to correct the student’s misbehavior for each disruption and/or incident.

**Examples of informal discipline:**
Teacher-student conference
Move the child’s seat in the classroom
Teacher-parent conference
Teacher-parent-student conference
Note or phone call to the parent
Administrator-student conference
Teacher-administrator-student conference
Teacher-administrator-parent-student conference

**Examples of formal discipline:**
Time-out
After school detention
Written office referral/reprimand
Assignment of written work
(i.e., report, code of conduct)

1. Not all of the above examples of disciplinary measures need to have been taken in order to request permanent removal of the offending student from the classroom. However, parent contact is one of the most essential pieces of documentation. Additionally, there should be several formal means of discipline recorded including documentation of office referral to the principal.

d. Once you believe you have sufficient documentation fill out MIS Form No. 4272. Attach a copy of all of your documentation – not the originals. You should always maintain control of your original records.

e. Make another copy of all records. Keep the original documents and the extra copy in a safe place.

f. Turn in the MIS Form No. 4272 and all attached records to the school principal. If all documentation is in order the principal is required to:
   - Give notification to the student’s parent/legal guardian
   - Notify the Placement Review Committee members and alternates and schedule the committee meeting
   - Notify you of the schedule for the Committee meeting
   - Make the Request for Removal of Student documents available for the parent/legal guardian and Committee members to review
   - The principal may not return the student to your classroom until the Placement Review Committee reviews the request and renders a decision
Appendix C (continued)

Procedures for Removal of a Disruptive Student From the Classroom
One Time Incident

A student may be removed from a teacher’s classroom if a single act of behavior is so severe, egregious, or abusive that it seriously interferes with the teacher’s ability to communicate or with the ability of the student’s classmates to learn.

a. Write up a discipline referral form and send the student to discipline. Maintain a copy of this referral.

b. Fill out MIS Form No. 4272.

c. Write a thorough statement fully explaining the episode that occurred. Make sure to include all the supporting details of the incident, any existing evidence and the names of any individuals who are witnesses.

d. Attach a copy of all your documentation to MIS Form No. 4272. You should always maintain control of your original records.

e. Make another copy of all records. Keep the original documents and the extra copy in a safe place.

f. Turn in the MIS Form No. 4272 and all attached records to the school principal. If all documentation is in order the principal is required to:
   • Give notification to the student’s parent/legal guardian
   • Notify the Placement Review Committee members and alternates and schedule the committee meeting
   • Notify you of the schedule for the Committee meeting
   • Make the Request for Removal of Student documents available for the parent/legal guardian and Committee members to review
   • The principal may not return the student to your classroom until the Placement Review Committee reviews the request and renders a decision

g. This entire process, including the Committee’s decision, must be completed within five (5) school days.

h. If the principal does not believe the incident is severe enough to meet the threshold criteria* for involving the law, he or she is required to convene the Placement Review Committee that same school day for a preliminary review of the documentation. The Committee, not the principal, will decide if the incident is severe enough to proceed.

*the incident in question was disturbing enough to seriously interfere with your ability to communicate or with the ability of your students to learn
Appendix C (continued)

Procedures for Removal of a Disruptive Student from the Classroom
ESE Students

a. You would follow the exact procedures as explained for continual ongoing disruption or for a one-time incident.

b. If an active I.E.P. is in place for the student, the principal is required to notify the District’s Exceptional Student Education Director or his/her designee. This individual would determine whether a potential finding by the Placement Review Committee to reassign the student to a different classroom would qualify as a “Change in Placement” that would require a formal I.E.P. process.

c. The ESE Department is required within a twenty-four hour period following the request of the principal to provide written determination as to whether the Placement Review Committee can exercise full jurisdiction over the decision to remove the student or should make a preliminary determination for removal and refer any final action to the ESE Department.

d. Until such a decision is rendered, the student may not be placed back in your classroom.

My commission expires:
In accordance with the provisions of 1003.32 F.S. and Article VIII(E) of the Master Contract between the Okaloosa County School Board and the Okaloosa County Education Association, teachers are provided a process whereby they may request the permanent removal of a student from their classroom based upon certain statutory threshold criteria that must be properly documented and set forth in the teacher’s request to have the student removed for disruptive conduct. In accordance with the provisions of the Instructional Master Contract, this procedure is not to be used by teachers for regular discipline referrals for minor offenses. In order to provide direction to both teachers and administrators in carrying out the provisions of this law and to establish procedures for the proper handling of a request for removal of a student, the following guidelines are hereby implemented by joint agreement of the Superintendent of Schools and the Okaloosa County Education Association.

In order to initiate a process for the removal of a student from a classroom the following steps should be followed:

b. The teacher must first fully complete MIS Form #4272 and deliver the form together with all required exhibits and documentation to the school Principal or his/her designee. (Failure to attach documentation for a threshold request under 1003.32 F.S. or failure to recite alleged conduct as a basis for removal under 1033.32 F.S. will cause the request to be inadequate to meet the statutory threshold criteria and the school Principal may return the student to the requesting teacher’s classroom without further process under the statute or the Master Contract). If the teacher’s documentation is complete then the Principal shall not return the student to the requesting teacher’s classroom until the Placement Review Committee acts under sections 2 or 4 hereunder.

c. Upon receipt of the completed Request For Removal of Student (MIS Form #4272), if the school Principal reasonably believes that an issue exists as to whether or not the Request For Removal of Student meets the statutory threshold criteria, then the Principal shall convene the school’s Placement Review Committee that same school day for a preliminary review of the request including all attached documentation. During this preliminary review process, the Committee is not required to conduct a hearing or to receive any further information beyond the documentation initially submitted to the Principal by the requesting teacher. If the Committee finds that the statutory threshold criteria has not been met under the request as submitted, then the requesting teacher shall be so advised and the student shall be returned to that teacher’s classroom immediately after the Committee’s findings.

d. In the event that the Request For Removal of Student and attached documentation appears to meet the statutory threshold criteria when submitted, then the Principal shall:

a. Notify the parent/legal guardian of the student that the Request For Removal of Student has been filed and discuss the process that will be followed. In the course of the initial discussion with the parent/legal guardian, the Principal may offer the
opportunity for a voluntary transfer of the student from the requesting teacher’s classroom to another classroom if the parent/legal guardian consents. In that event no further Committee process will be necessary. In the event the parent/legal guardian wants to proceed with the Committee process, then the Principal shall immediately provide a full copy of the Request For Removal of Student package to the parent/legal guardian together with information regarding the date, time and place of the Placement Review Committee meeting to consider the request. (In accordance with Florida law the entire process, including the Committee’s decision, must be completed within five (5) school days of the removal of the student from the classroom).

b. Notify the Placement Review Committee members and alternates of the filing of the Request For Removal of Student and the schedule for the Committee meeting to consider the request.

c. Notify the requesting teacher of the schedule for the Committee meeting and request the teacher’s attendance and participation in the proceeding.

d. Make the Request For Removal of Student package, including all attachments and other documentation as submitted by the requesting teacher, readily available for review by the individual Placement Review Committee members and alternates, at their request, in a confidential setting. (NOTE: These documents are student records and all requirements for confidentiality of these records must be carefully protected.)

e. The Placement Review Committee proceeding shall be conducted as follows:

a. A committee chairperson shall be designated by the Committee to preside.

b. The Committee shall, at a minimum, receive the following information and presentations in the course of their consideration of the Request For Removal of Student:

   i. The requesting teacher may present his/her request for all supporting documentation and other information to the Committee.

   ii. The student and his/her parent/legal guardian shall be allowed to respond to the teacher’s allegations and present additional documentation or information in support of their position.

   iii. The Principal or his/her designee shall be entitled to present any relevant information to the Committee regarding the request and shall be available as a resource to the Committee during this process.

   iv. After receiving all available information, the Committee shall close the proceeding with the parties and, within a time frame not exceeding five (5) school days from the initial removal of the student from class, shall render a decision as to whether or not the student should be returned to the classroom or be reassigned to another classroom. The actual reassignment of the student shall be carried out by the school Principal who shall determine, in accordance with the established practice at that particular school, the new teacher and classroom to which the student shall be reassigned.

Appendix C (continued)
v. At the conclusion of the Placement Review Committee’s deliberations, the Request For Removal of Student and all documentation attached to the request shall be returned to the School Principal for proper filing in accordance with confidentiality requirements applicable to student records.

c. If either the teacher or the student brings additional witnesses to the Committee Meeting, all such individuals should be requested by the Committee Chairperson to remain outside of the committee meeting room until they are called by the teacher or student to present their specific information for the Committee’s consideration.

d. Both the teacher and the student may bring legal counsel or another representative with them to the Committee Meeting.

f. In the event that the Request For Removal of Student indicates that there is an active I.E.P. in place for the subject student, then the school Principal shall immediately notify the District’s Exceptional Student Education Director or his/her designee for a determination as to whether a potential finding by the Committee that the student should be reassigned to a different classroom would qualify as a “Change in Placement” that would require a formal I.E.P. process. The ESE Department shall, within twenty-four hours of the request by the school Principal, provide to the Principal a written determination as to whether or not the school’s Placement Review Committee should exercise full jurisdiction over a decision on the pending Request For Removal of Student or should simply make a preliminary determination as to whether or not the student’s conduct would qualify for removal from the current classroom and then refer any final action on such removal to the ESE Department.
1003.32 Authority of teacher; responsibility for control of students; district school board and principal duties.--Subject to law and to the rules of the district school board, each teacher or other member of the staff of any school shall have such authority for the control and discipline of students as may be assigned to him or her by the principal or the principal's designated representative and shall keep good order in the classroom and in other places in which he or she is assigned to be in charge of students.

(1) In accordance with this section and within the framework of the district school board's code of student conduct, teachers and other instructional personnel shall have the authority to undertake any of the following actions in managing student behavior and ensuring the safety of all students in their classes and school and their opportunity to learn in an orderly and disciplined classroom:
(a) Establish classroom rules of conduct.
(b) Establish and implement consequences, designed to change behavior, for infractions of classroom rules.
(c) Have disobedient, disrespectful, violent, abusive, uncontrollable, or disruptive students removed from the classroom for behavior management intervention.
(d) Have violent, abusive, uncontrollable, or disruptive students directed for information or assistance from appropriate school or district school board personnel.
(e) Assist in enforcing school rules on school property, during school-sponsored transportation, and during school-sponsored activities.
(f) Request and receive information as to the disposition of any referrals to the administration for violation of classroom or school rules.
(g) Request and receive immediate assistance in classroom management if a student becomes uncontrollable or in case of emergency.
(h) Request and receive training and other assistance to improve skills in classroom management, violence prevention, conflict resolution, and related areas.
(i) Press charges if there is a reason to believe that a crime has been committed on school property, during school-sponsored transportation, or during school-sponsored activities.
(j) Use reasonable force, according to standards adopted by the State Board of Education, to protect himself or herself or others from injury.

(k) Use corporal punishment according to school board policy and at least the following procedures, if a teacher feels that corporal punishment is necessary:
1. The use of corporal punishment shall be approved in principle by the principal before it is used, but approval is not necessary for each specific instance in which it is used. The principal shall prepare guidelines for administering such punishment which identify the types of punishable offenses, the conditions under which the punishment shall be administered, and the specific personnel on the school staff authorized to administer the punishment.
2. A teacher or principal may administer corporal punishment only in the presence of another adult who is informed beforehand, and in the student's presence, of the reason for the punishment.
3. A teacher or principal who has administered punishment shall, upon request, provide the student's parent with a written explanation of the reason for the punishment and the name of the other adult who was present.

(2) Teachers and other instructional personnel shall:
(a) Set and enforce reasonable classroom rules that treat all students equitably.
(b) Seek professional development to improve classroom management skills when data show that they are not effective in handling minor classroom disruptions.
(c) Maintain an orderly and disciplined classroom with a positive and effective learning environment that maximizes learning and minimizes disruption.
(d) Work with parents and other school personnel to solve discipline problems in their classrooms.

(3) A teacher may send a student to the principal's office to maintain effective discipline in the classroom and may recommend an appropriate consequence consistent with the student code of conduct under s. 1006.07. The principal shall respond by employing the teacher's recommended consequence or a more serious disciplinary action if the student's history of disruptive behavior warrants it. If the principal determines that a lesser disciplinary action is appropriate, the principal should consult with the teacher prior to taking disciplinary action.
A teacher may remove from class a student whose behavior the teacher determines interferes with the teacher's ability to communicate effectively with the students in the class or with the ability of the student's classmates to learn. Each district school board, each district school superintendent, and each school principal shall support the authority of teachers to remove disobedient, violent, abusive, uncontrollable, or disruptive students from the classroom.

If a teacher removes a student from class under subsection (4), the principal may place the student in another appropriate classroom, in in-school suspension, or in a dropout prevention and academic intervention program as provided by s. 1003.53; or the principal may recommend the student for out-of-school suspension or expulsion, as appropriate. The student may be prohibited from attending or participating in school-sponsored or school-related activities. The principal may not return the student to that teacher's class without the teacher's consent unless the committee established under subsection (6) determines that such placement is the best or only available alternative. The teacher and the placement review committee must render decisions within 5 days of the removal of the student from the classroom.

Each school shall establish a placement review committee to determine placement of a student when a teacher withholds consent to the return of a student to the teacher's class. A school principal must notify each teacher in that school about the availability, the procedures, and the criteria for the placement review committee as outlined in this section.

The principal must report on a quarterly basis to the district school superintendent and district school board each incidence of a teacher's withholding consent for a removed student to return to the teacher's class and the disposition of the incident, and the superintendent must annually report these data to the department.

The Commissioner of Education shall annually review each school district's compliance with this section, and success in achieving orderly classrooms, and shall use all appropriate enforcement actions up to and including the withholding of disbursements from the Educational Enhancement Trust Fund until full compliance is verified.

Placement review committee membership must include at least the following:
1. Two teachers, one selected by the school's faculty and one selected by the teacher who has removed the student.
2. One member from the school's staff who is selected by the principal.

The teacher who withheld consent to readmitting the student may not serve on the committee. The teacher and the placement review committee must render decisions within 5 days after the removal of the student from the classroom. If the placement review committee's decision is contrary to the decision of the teacher to withhold consent to the return of the removed student to the teacher's class, the teacher may appeal the committee's decision to the district school superintendent.

Any teacher who removes 25 percent of his or her total class enrollment shall be required to complete professional development to improve classroom management skills.

Each teacher or other member of the staff of any school who knows or has reason to suspect that any person has committed, or has made a credible threat to commit, a crime of violence on school property shall report such knowledge or suspicion in accordance with the provisions of s. 1006.13. Each district school superintendent and each school principal shall fully support good faith reporting in accordance with the provisions of this subsection and s. 1006.13. Any person who makes a report required by this subsection in good faith shall be immune from civil or criminal liability for making the report.

When knowledgeable of the likely risk of physical violence in the schools, the district school board shall take reasonable steps to ensure that teachers, other school staff, and students are not at undue risk of violence or harm.
